## THEATRE OPENING

**EVENT OF THE SEASON WILL TAKE PLACE THURSDAY, OCTOBER 28TH**

Without doubt the opening of the new Glendale Theatre, on the evening of October 28th will be the most brilliant social and theatrical event that Glendale has ever witnessed, and judging from the inquiries about the sale of tickets, there will be a stampede when the box office is opened at Spohr's drug store Thursday morning of this week at 10 o'clock.

This theatre has the largest ground floor seating capacity of any theater in Southern California, but 500 of the more than 1200 seats have been reserved for motion picture stars, directors and society folk from surrounding towns so that the number of seats to be sold for the opening will be limited.

The exterior of the theatre is imposing and substantial and the interior finishing and decorations bear out the promise which the outside appearance gives. All that art and modern building science is able to do have been employed to make this building beautiful and comfortable and all that could be expected in a modern theatre. The large Estey organ, which will be one of the largest theatre organs on the Pacific coast, will be a prominent feature, but unfortunately it will not be installed in time for the opening.

William A. Howe, the manager of the theatre, promises a surprise program for the opening night with one of the screen's foremost players in the premier showing of his latest and greatest production.

As stated above, seats for the opening performance will go on sale at Spohr's drug store Thursday morning at 10 o'clock. The price will be 75 cents with 8 cents war tax added. There will be only one performance, at 8 o'clock. Beginning October 29th there will be three shows daily and information as to hours and prices is given in display advertisement in this issue. It is the intention of the management to give organ recitals at regular intervals also.

This theatre was built by Dr. and Mrs. Goodno who have also erected a brick business building in the same block facing Maryland and have begun the construction of another business block just south of the theatre. Mr. Howe, the manager, is a resident of Glendale, having a home on Patterson avenue.

### Phelan Reception

A number of Glendale women are interested in the reception to be given tomorrow afternoon at the Hotel Alexandria ball room in honor of Senator Phelan and his sister, Miss Mary Louise Phelan. Mrs. Mattison B. Jones, who is chairman of the Woman's Committee of Southern California for the election of Senator Phelan, is in charge of the affair and Mrs. Alexander Mitchell and Mrs. Marie V. Larkey, both of North Glendale, are on the reception committee. This reception is a social affair purely and not a political meeting although the Senator will give a brief talk at 3:45. This is an opportunity for the women of the south to meet these distinguished people since all women are invited to this reception.

## MEXICO TRIP

**CHAS. STOCKBRIDGE VISITS SEVERAL CITIES, NOTES IMPROVED CONDITIONS**

Chas. A. Stockbridge, of 231 North Adams street. who returned last week quite ill, from a business trip through Guaymas, Sonora, Culican and Mazatlan, Mex., was sufficiently recovered to leave for the San Joaquin Valley, Sunday. Mr. Stockbridge, who is a representative of a glass and paint company of Los Angeles, reports having secured what he terms "a nice little business" in Mexico. He also reports a decided shortage of money owing to the fact that the various leaders under Carranza's regime, would come into a place of business and help themselves just like hold-up men, but that the general attitude of the people toward the new president, who takes his seat in December, is one of much hope for peace and justice.

Mr. Stockbridge sent home quite an interesting collection of post cards and brought to young Edward a full collection of Mexican coins, with which the young man was delighted.

**WEATHER FORECAST — Fair and warmer Thursday.**

## THEY ARE ENGAGED

**BETROTHAL ANNOUNCEMENT OF NEWELL VINCENT AND CARYL HURLBERT MADE AT DANCE**

At a dance given at their home, 348 West Park avenue, Saturday, October 16th, Mr. and Mrs. E. C. Hurlbert announced the engagement of their daughter, Caryl E. Hurlbert, to Newell T. Vincent, son of Mr. and Mrs. John J. Vincent of Hollywood. The house was decorated throughout with pink and white carnations, ferns and roses. The table where refreshments were served was adorned with a large basket of carnations and ferns.

The wedding will take place some time in June. The exact date is not yet set.

The guests present were Mr. and Mrs. W. A. Savage, Mr. and Mrs. Paul Vincent, Mr. and Mrs. J. Hickman, Mrs. Adelaide Imler, Mrs. Cocke, Mrs. J. Henderson, Mr. and Mrs. E. W. Bayless, Mr. and Mrs. D. W. O'Leary, Mr. and Mrs. Elton Hey, Mr. and Mrs. R. R. Rogers, Mr. and Mrs. Lawrence Bergantz, Misses Cora Hickman, Evelyn Henderson, Grace Doughty, Emma MacIntyre, Marion Burbank, Alice Tieman, Lillian Peete, Dorothy Cooper, Mary Ella Cocke, Josephine Scott, Lucille Cornwell, June Hurlbert; Messrs. Melvin Vincent, Harold Hurlbert, Russell Hurlbert, Harry Dugan, Alphonso Molina, Corydon Hill, Marshall Barry, Wynne Savage, Leslie Savage, William Cocke, Harold Carr, Bill McAulay, Leslie Wright and Robert Henderson.

### Back to Glendale

Mrs. Abbie Trent Smith is now occupying the property at 515 North Louise that she has owned for a number of years while living in Los Angeles. Her mother, Mrs. Ellen Trent, and her sister, Luella, now Mrs. Walter Harder, lived in the property for several years but are now in Berkeley. Mrs. Smith, who lived for 14 years in Glendale and recently sold a large home at 1805 Oxford Place, is glad to be able to live in the Glendale home as the labor of keeping up a large place was getting to be too much for her, as she has never recovered fully from injuries received in the Empire Day disaster in Long Beach seven years ago.

C. M. Smith was riding his bicycle south on San Fernando Road yesterday holding to a truck, and on cutting loose from it struck the fender of a passing auto and was thrown down, hurting his leg and smashing the bicycle.

## EX-SERVICE MEN

**MEMBERS OF FIRST M. E. EPWORTH LEAGUE VISIT THEM AT THORNYCROFT**

The members of the Epworth League of the First M. E. church of Glendale gave an entertainment Sunday evening for the benefit of the ex-service men and nurses of Thornycroft Sanitarium. Every number on the program was thoroughly enjoyed, especially the address by Rev. Clyde M. Crist. Sweets were passed among the patients by the members of the League at the close of the program, which was as follows:

Violin solo, Miss Lois Murphy; vocal solo, Miss Dorothy Peart; piano solo, Miss Roberta Hopping; reading, Miss Alice Wilson; baritone solo, Cecil Percy; vocal solo, Miss Marie Oliver; address by Rev. Clyde Crist; song, "Brighten the Corner Where You Are," by the Epworth League.

The ex-service patients wish to take this opportunity to state how truly grateful they are to the residents of Glendale and its various organizations for the kindly interest they have shown in providing entertainments and pleasant surprises for the ex-service patients.

### Death of F. M. Linkogel

Francis Michael Linkogel died at 6:30 p. m., Oct. 18, 1920, at the home, 471 Ivy. He was born May 6, 1853, in Illinois. The family moved here from San Francisco nearly a year ago.

Funeral services will be held next Monday, Oct. 25th, at 4 o'clock, in the Jewel City Undertaking Company parlors. Deceased is survived by four daughters, Mrs. Pearl G. Curran and Miss Hazel Linkogel of Glendale, Miss Beatrice Linkogel of San Francisco and Mrs. E. E. Gossrau of Galveston, Texas; and two sons, Leo, of 416 West Elk avenue, and Leslie, of San Francisco. Mrs. Gossrau starts from Galveston in the morning and is expected to arrive Sunday next.

## HAD PART IN DENTON MURDER

**SEEK CAPTURE OF EX-CONVICT WHO "RECEIVED A GOOD SUM OF MONEY" FOR HAND IN PLOT**

(Special Service to Glendale Evening News)

SAN FRANCISCO, Oct. 20.—Police here today began a search for James B. Claudius, ex-convict, in connection with the Denton murder in Los Angeles. According to advices from Los Angeles, Claudius boasted to Mrs. Maude Kellen, his mother-in-law, that he had a hand in the Denton murder and "got a good sum of money out of it."

LOS ANGELES, Oct. 20.—The Denton murder investigation today centered about efforts of authorities to corroborate the theory that Jacob C. Denton was shot to death in the kitchen of his home early on the morning of June 2, and subsequently dragged to the basement, where the body was buried in a crude vault.

Acting on this belief Chief Deputy District Attorney Doran ordered an autopsy on Denton's body, now in a vault in a local cemetery, in an attempt to find a bullet wound. The bullet was still believed to be in the body. It was expected an X-ray examination would be made. The discovery of a bullet hole in Denton's shirt and a blood clot under the linoleum in the Denton kitchen were regarded as very significant by the district attorney's office today.

H. A. Cloomer, grocer, told police that he had delivered an unusual amount of soap and cleaning preparations, also chloride of lime, to the Denton home about June 2. These were paid for by Mrs. R. C. Peete, former tenant there, according to officers.

The statement of a "mysterious witness" disclosed by officers yesterday has been discredited by district attorney's office today. Police investigators admitted that the statement was made by Mrs. Peete, although the district attorney's office refused to confirm that report.

## HOUSTON ADDRESSES BANKERS' MEETING

**ASKS BANKERS TO AID FARMERS IN MARKETING THEIR CROPS; FAVORS REVISION OF FEDERAL TAXES**

(Special Service to Glendale Evening News)

WASHINGTON, Oct. 20.—Secretary of Treasury Houston discussed five of the country's most important financial problems before the American Bankers' Association Convention here today.

Houston asked the bankers to aid farmers in marketing their crops. He declared against refunding of Liberty bonds before their maturity. He said the public debt would be reduced through normal measures.

Foreign debts, now on a demand basis, will be turned into long time obligations, Houston said.

The secretary favored revision of federal taxes but without material increase in the amount of revenue.

## MARTIAL LAW IN MOSCOW AND PETROGRAD

(Special Service to Glendale Evening News)

COPENHAGEN, Oct. 20.—Martial law has been declared in 12 Russian departments, including the cities of Moscow and Petrograd, according to a report published in Cravda, today. Rumors of anti-Bolshevik uprisings have filtered through the frontier at frequent intervals during the last few days. Clashes between Red troops and rebels were reported in the streets of Moscow.

## NINE INJURED IN SIOUX CITY WRECK

(Special Service to Glendale Evening News)

SIOUX CITY, Iowa, Oct. 20.—Nine persons were seriously injurey, none fatally, it is believed, when a Sioux City Traction Co. car overturned while rounding a corner here early today. The car, heavily loaded, came down a long incline and left the tracks when it reached the corner, where the brakes failed to hold.

## REFUSE TO JOIN STRIKERS

(Special Service to Glendale Evening News)

LONDON, Oct. 20.—Transport workers and railroad men marked time today, refusing to rush into a strike to support British coal miners. A Parliamentary council meeting of transport and railroad workers' executives adjourned without a decision. Workers were said to be about evenly divided.

## POLISH TROOPS OCCUPY MINSK

(Special Service to Glendale Evening News)

WARSAW, Oct. 20.—Polish troops, disregarding orders, have occupied Minsk. Under the Polish-Russian armistice terms all hostilities have ceased, although the entry into Minsk was made after the cessation of hostilities. Polish authorities stated the commanders of the troops had specific orders not to go into that city.

## AIRPLANES RETURN FROM ALASKA

MINEOLA, N. Y., Oct. 20.—Four army airplanes today completed their record breaking 9000 mile air trip to Nome, Alaska, and return.

## IMPERIAL VALLEY

**LOW PRICE OF COTTON IS DISCOURAGING BUILDING, MR. PECK SAYS**

J. E. Peck of Calexico, who was a recent guest of his parents, Mr. and Mrs. C. E. Peck of 114 South Louise street, on his way from the State Creamerymen's Convention at San Francisco, says business conditions in the Imperial Valley are not so promising as here. Mr. Peck owns a ranch near Calexico and is also in the lumber business in that city. He says at the present time there are only three houses being built in Calexico which is a city of 8000. While here he took a ride through the northern section of Glendale and counted 225 houses either in process of construction or just finished. He could not fail to note the difference between conditions here and in the Valley.

The low price of cotton, Mr. Peck said, is discouraging the farmers from carrying out any plans they may have had for building. The market price for the short staple cotton is somewhere around 18 or 19 cents a pound when it cost 25 cents to produce. With this condition existing the banks will not loan money to finance building or other improvements. A million bales of short staple cotton held over from last year are being forced on the market now. Mr. Peck raises the long staple cotton and hopes not to lose on his crop.

It was brought out at the dairymen's convention that the price of butter will not go up any further, Mr. Peck said, as a million pounds are due to arrive here from foreign markets in a few weeks.

### Silver Wedding

Mrs. Fannie Yantis Stockbridge, wife of Henry Stockbridge, the actor, was the guest of honor at a surprise party and dinner given by Mrs. Dorothy Sargent and Miss Ethel Morgan, of 327 Burchett street and Mr. and Mrs. Cecil Gray. The occasion was in celebration of the 25th or "Silver" wedding anniversary of Mr. and Mrs. Stockbridge. Those present were Mr. and Mrs. Theodore Brown, Col. Lenone, Mr. and Mrs. Cecil Gray, Miss Ethel Morgan, Mrs. Dorothy Sargent, and the honor guest, Mrs. Stockbridge. After a very pleasant evening a bountiful dinner was served. Mrs. Stockbridge was presented with flowers and other handsome remembrances.

## W. P. STARKEY DEAD

**WAS CIVIL WAR VETERAN AND LIVED IN GLENDALE SEVERAL YEARS**

Wm. P. Starkey died Tuesday evening, Oct. 18, 1920, at the home of a son, Chas. H. Starkey, on Laurel avenue, between Glendale and Burbank. He was in his 78th year. It was on August 25th that his children living in Southern California gave a party in celebration of his 77th birthday. He had been in poor health for many months but was taken seriously ill only last Saturday. Funeral services will be held tomorrow, 2 p. m., at the Jewel City Undertaking Company parlors, Rev. C. M. Crist officiating, assisted by Rev. C. R. Norton, with burial in Grand View cemetery. The services at the grave will be in charge of the G. A. R., of which deceased was a member.

Mr. Starkey was a native of Pesotum, Ill., but had been a resident of Glendale for several years past. His wife died here nine years ago. He is survived by six sons and one daughter. A. W. and W. A. live in Pesotum, Ill, L. E. of Glendale, Archie of Pasadena, G. H. of San Bernardino, Chas. H. of near Glendale and Mrs. C. R. Woodworth of Pesotum, Ill. There are a number of other relatives in Illinois, also.

### Snow Means Much

Mounts Lowe and Wilson mantled with snow yesterday morning made a beautiful sight, but there was more than beauty in it, for this meant that there was a much heavier fall north of us. Thus while there was but two inches of snow on Mt. Wilson the depth was 34 inches in the central and northern parts. In the vicinity of Truckee and Cisco there was so much snow that many auto parties were held up. All this in connection with the copious rains of this and previous weeks, means an abundance of water for irrigation purposes, and all restrictions against its use have now been removed. The outlook for a plentiful supply of water for next season is very bright.

## MAGICIANS PLEASE

**LARGE AUDIENCE AND FINE PROGRAM FOR AMERICAN LEGION SHOW**

There was a fine audience of enthusiastic lovers of mystery at the Palace Grand last evening to enjoy the entertainment given under the auspices of Glendale's American Legion Post. The program was furnished by members of the "Retired Magicians' Association of Los Angeles all but one number, which was put on by Homer B. Miller of Glendale. The dean of the Association, Harry Cooke, was an object of great interest to the audience, not only on account of his genial personality but because of the feats of magic he did, showing that he has lost little of the skill that made him so gifted an entertainer in this line for more than 40 years. The other numbers were equally as good, the great charm of the evening's program being its diversity, every phase of magic and legerdemain known being displayed. Glendale's representative, Homer B. Miller, held his own with the veterans of the stage.

The American Legion band gave a finc concert of half an hour's duration before the performance and the Palace Grand orchestra gave several fine musical numbers during the evening.

Approximately $200 were netted by the entertainment, which is a good start toward the $1000 needed to provide the band boys with uniforms.

### Hallowe'en Dance

A very delightful Hallowe'en dance was given last evening by the Odd Fellows and Rebekahs, in their hall at 111 East Broadway. The guests included husbands and wives of members of these two organizations and their friends. There were about fifty present from Los Angeles and twenty-five from San Fernando. Music was furnished by Woodhouse's Orchestra, of Glendale. The hall was appropriately decorated in Hallowe'en fashion. Those who did not indulge in dancing were entertained at cards. Delicious refreshments, consisting of pumpkin pie, doughnuts, popcorn, coffee, etc., were served.

### Automobile Accident

Robt. M. Elliott, aged 14, was driving west on Harvard yesterday and at the crossing of Kenwood struck a smaller car driven by L. W. Baggott of Anaheim, in which were also his wife and baby and a lady friend of the family. His car was overturned and his hand was badly mangled, some bones being broken, and his elbow dislocated. No one else in the car was hurt. His machine had both hind wheels broken and other damages not so serious. The party all returned home this morning.

### Fryers Sell Grove

H. F. Fryer and wife have sold their six-acre orange grove and six-room residence at 1424 North Pacific avenue to Wm. Purcell, their neighbor over on Columbus avenue and are to give possession in sixty days. They are now looking around for another home, as they do not wish to leave Glendale if they can possibly help. A friend and business associate of Mr. Purcell, now living in Seattle, Wash., will occupy the property when the Fryers vacate.

## CRIPPLE A BUILDER

**CHARLES F. MORGAN, WITH ONLY HALF A LEG, GOOD CARPENTER**

Charles F. Morgan took out a permit Monday for the erection of a 6-room house and a garage at 1318 E. Harvard street. Mr. Morgan is the man mentioned in a recent issue of the Evening News as having built a small residence on the rear of this same lot for himself and his mother to occupy, though he is apparently a helpless cripple. One leg has been taken off close to the hip and the other at the knee, as the result of a railroad accident, yet he does carpenter work, climbing on ladders when necessary, and puts in his own foundations. He uses one crutch and gets around faster than some men with two whole legs. He intends doing practically all of the carpenter work on this new house and much of the other kinds. He has been a resident of Los Angeles for nearly 40 years but he is now an ardent admirer of Glendale.

## Crime Shows Increase

COLUMBUS, Oct. 18.—Despite the fact that Columbus is supposed to be "bone dry," intoxicating beverages seem to be flowing freely in the city, if the number of drunk cases disposed of in police court during September can be taken as an indication.

This fact is partly to blame, police say, for a general increase of about 30 per cent in crime in Columbus. Statistics show that during the year the increase in crime has mounted steadily. According to the report compiled by Harold C. Gackenbach, chief clerk for the criminal division of municipal court, 560 cases of all character were disposed of during the month, 208 of which were for drunkenness.

This represents an increase of about 400 per cent over the same month in 1919 when there were only 50 drunks arrested. In 1918, with the saloons wide open, 311 cases were tried.

The report also shows that gambling is on the increase.

Although the country seems to be enjoying the greatest prosperity in its history, police court records show that vagrancy is on the increase.

In September last there were only 25 arrested for vagrancy, against 53 this year, or an increase of more than 100 per cent.

### NEW GREENHOUSE READY TO RECEIVE PLANTS FOR WINTER PRODUCTION

J. L. Henderson and family are now occupying the recently completed residence on the Davis-Glendale ranch in the Grand View district. Mr. Henderson is the foreman of this big greenhouse establishment, which is to cover a good part of 20 acres when completed. The first unit of the greenhouse plant is now nearing completion and the packing house is finished. The greenhouse is built almost entirely of steel and glass and is probably one of the most complete in this section. Several other and larger units are to be built from time to time. Mr. Davis, who is now looking after his original plant of this kind in Aurora, Ill., will be out here in a few months again. He has been very successful in this work in Illinois and has several establishments of the kind in different cities.

Work will begin soon in transplanting the various vegetables that have been started out in the open and will now require shelter. Mr. Henderson is thoroughly experienced in this work and will push it to the limit.

The persons who indulge in dreams of pre-war prices with post-war wages will probably find themselves involved in a nightmare.

# STATE TREASURER

### OPPOSES INCREASING RATE ON STATE HIGHWAY BONDS

State Treasurer Friend W. Richardson says Amendment No. 9 is now unnecessary and its adoption might prove a menace to Good Roads movement. Voters are warned of growing state expenditures.

That the recent improvement in the bond market makes the adoption of the highway amendment No. 9 on the ballot, unnecessary, is the opinion of State Treasurer Friend W. Richardson, who today advised voters to carefully consider the effects of the measure.

Richardson points out defects in the amendment which might invalidate the entire bond issue, and he warns taxpayers that an alarming situation confronts the state on account of growing expenditures and the proposed loading of new burdens upon the people.

In a statement today Richardson said: "Amendment No. 9 proposes to increase the rate of interest on the unsold third highway bonds from 4½ to not more than 6 per cent. The bond market is improving so rapidly that these bonds are nearly on a 5 per cent basis now, and may be at par within a few months.

"The legislature which meets in January, can make an appropriation to pay a commission to sell such 4½ per cent bonds as are necessary, until the bonds reach par. Thus highway construction can continue without this amendment.

"While much is being said about the interest rate, many voters seem to be unaware of a provision in the amendment which would unload an annual interest charge of more than $2,000,000 upon the state. This would probably mean the crippling of every state institution, the stopping of needed improvements, and the limiting of necessary appropriations.

"An alarming situation confronts the state in the matter of growing expenditures and the people should carefully study the situation. An ad valorem tax may be the outcome if they transfer too heavy a burden upon themselves. Voters should remember that in the final analysis they pay every cent of these taxes out of their own pockets either directly or indirectly.

"As the amendment is drawn it might jeopardize the entire bond issue, and thus completely stop highway work. Of the $40,000,000 of this issue, $12,000,000 have been sold to the state upon bid of the board of control, but only $4,500,000 have been paid for. This raises the serious question as to whether $28,000,000 or $35,500,000 of these bonds are unsold and shall be destroyed and new bonds issued. A supreme court decision might be necessary to decide the question and thus highway work delayed for many months. The amendment does not set forth clearly what officers shall sign the bonds. Either question might jeopardize the sale of the remaining bonds. The amendment would permit the fixing of a rate of interest by three officers of the commission in spite of the opposition of the other two.

"The measure is advocated solely on the ground that without it state highway work must stop. Such is not the case. Bonds are now being sold to counties. The appellate court has decided that federal road appropriations can be used to pay a commission to sell these bonds, and an appeal taken to the supreme court. If the supreme court approves, this method can continue. The third plan is by legislative appropriation to pay a commission, which would be many millions cheaper than raising the interest rate for the long life of the bonds, and loading the state with an interest burden estimated at $50,000,000.

"I fully realize the powerful influences behind this amendment and know that silence would be the best policy but I feel it is my duty to apprise voters of the facts."

## Columbia Records

Sascha Jacobsen plays two selections for Columbia Records, one, "The Love Nest" from Mary; the other, "Blue Diamonds," tender and full of sentiment. The first is one of the most beautiful melodies from one of the most popular musical comedies of the day. The second has both melody and sparkle. Jacobsen's violin has given us no more entrancing music than these two selections.

Prince's Dance Orchestra plays two of the latest waltzes, "Let the Rest of the World Go By," medley waltz, introducing "Dear Little Boy of Mine," and "The Love Boat," the latter from the Ziegfeld Follies of 1920. Both are the waltz hits of the year and for all time.

The Paul Biese Trio plays two new foxy fox-trots for Columbia Records. There's not an idle moment for anybody in "Idol Eyes" and "In the Land of Rice and Tea." Every member of this famous trio is on the job all the time.

Bert Williams and his "negro wail" both have an exceptionally funny punch in "Save a Little Dram for Me." This song and his "Lonesome Alimony Blues" are truly Bert Williams' songs and sung as only Williams can sing them.

W. W. LeRoy, 501 South Adams street, returned home yesterday from a three weeks' trip to Southern Oregon. Mr. LeRoy reports it rained constantly all time he was there, and he is mighty glad to get back to Southern California.

Mrs. Lila Cutler, 220 North Louise, has been entertaining her nephew and his wife, Mr. and Mrs. Austin Cutler, of La Porte, Ind. Mr. Cutler and his wife have been spending the summer in San Francisco and other California points.

W. F. Tower is finishing the last of four small houses for rent on his lot at 212 South Central avenue, but all were leased long before completion, and so insistent is the demand for houses that a large garage he built for storage purposes was demanded by an importunate house hunter and that was leased, also.

Mr. and Mrs. Robert A. Cochran of Morrison, Ill., are in Glendale to spend the winter and probably to make their home. They are now the guests of Mr. and Mrs. J. M. Spear, 718 East Acacia avenue, who is a cousin. They arrived in Los Angeles on Monday, October 11th, and visited a sister of Mrs. Spear before coming out here.

## PASADENA MEETING

MANY GLENDALE REPUBLICANS HEAR GOV. STEPHENS, SHORTRIDGE AND OTHERS

An enthusiastic delegation of Glendale Republicans attended the great meeting in Pasadena last evening at the High School auditorium, when Gov. Stephens, next-Senator Samuel Shortridge, Congressman Osborne and next-Congressman Chas. F. Van de Water spoke to a very large audience. Quite a number of old soldiers accompanied the Glendale delegation. When they had entered the auditorium, headed by a fife and drum corps, with the old soldiers next and then the others of the party, the banner of the Glendale Republican club floating proudly over them, the audience broke into wild cheers. Among those attending from here were Mrs. R. W. Meeker and daughter, Judge Harry M. Miller, Mrs. Ella W. Richardson and two guests, W. E. Evans and wife, Mr. McGregor and wife, J. G. Huntley, John Robert White, Chas. L. Chandler, Rev. C. R. Norton, A. W. Scudder, H. B. Carver, N. W. Hammon, C. C. and W. W. Stevenson, U. Grant Stewart and wife, J. C. Sherer, E. W. Reese, Mrs. E. W. W. Hayward and Mrs. Lillian Dow.

Chas. H. Busch is having built a five-room house and a garage at 351 Pioneer Drive, to cost $4000.

A four-room residence has just been commenced at 1010 East Harvard for T. Wm. Tullett, to cost $2500.

Nathan Rigdon took out a permit yesterday for the erection of a six-room house and a garage at 530 N. Central avenue, the cost of which is given at $5000.

The Grand View Cemetery Association yesterday took out a permit for the erection of a 5-room office building, with plastered exterior, to cost $4000. It is to be located in the southwest corner of the old portion of the cemetery.

Mrs. M. P. Moberly of the Mission Rest Home, 1011 South San Fernando Road, reports the purchase of additional ground, comprising five acres. A cottage has just been completed on the grounds. Mrs. Moberly will leave for San Diego some time this week for a vacation.

H. V. Ellis and wife, who have been in charge of the Logan apartments, over the Quality Grocery, for ten years past, moved to Santa Monica this week. They will build a bungalow home on a lot they own there. O. C. Logan, owner of the apartments, is now managing them.

C. C. Cooper, president of the First National Bank, returned home yesterday from a three weeks' visit to Omaha, Lincoln and other points in Nebraska, to look after business affairs. He says the weather there was ideal for the fall season and crops good.

Mrs. A. A. Barton of 630 Howard street entertained at luncheon yesterday Mrs. H. R. Archbald and Mrs. F. H. Harris, both of South Pasadena. Mrs. Archbald is president of the First District P.-T. A. and Mrs. Harris is treasurer. The afternoon was spent in trying to formulate a budget for the finances of the First District for the coming year.

E. R. Maier of Los Angeles, who owns an up-to-date poultry ranch in the midst of an orange grove at 1340 North Pacific avenue, is planning to take out some of the orange trees and build additional chicken houses to house 5000 more hens. He plans, also, to convert the old adobe house on the place into a cozy home where he and his family can spend their week-ends. Mr. Meshullam is conducting the ranch for him.

I. A. Ford and wife of 215 South Adams accompanied by Mrs. S. B. Johnston and son Earl drove over to Loma Linda last Saturday morning and remained over Sunday. The Fords visited their son, Eldon, who is attending the medical college over there. It happened to be his birthday and a little party was given for him by the family he boards with. It was made especially pleasant for him by the presence of his parents.

A satchel containing several valuable articles of clothing, a silver-plated belt and some business papers was stolen from Harry Moore's auto as it was standing in front of Elks' Hall Monday night. Yesterday he overtook a peddler on San Fernando Road who had the satchel on his truck but all the contents were missing except the papers. He said he picked up the empty satchel by the roadside and was able to prove his statement.

## PURRIER HERE

WOUNDED CONSTABLE VISITS GLENDALE FIRST TIME SINCE TRAGEDY OF JULY 30

Constable H. E. Purrier and wife of Burbank were in Glendale this forenoon greeting their many friends. This is Mr. Purrier's first visit to Glendale since his encounter on the morning of July 30th with three bandits, who, it will be recalled, shot and instantly killed Night Watchman Robert Norman, and very seriously wounded Mr. Purrier, one bullet passing through his lungs. It was thought for some time that this wound would prove fatal but his magnificent constitution enabled him to pull through. He left the hospital about six weeks ago and has been staying with his father since. His many friends in Glendale, where he lived for several years and was an attache of Judge Harry M. Miller's court, were exceedingly glad to greet him this morning.

Two of his alleged would-be murderers, Raphael Dalo and Domencia Gays, are in jail awaiting trial for the crime and the third, Nick Tunillo, is still at large.

## Literary Section

The Literary Section of the Tuesday Afternoon Club met at the home of its Curator, Mrs. A. M. Williams, 208 South Orange street, Monday afternoon, Mrs. J. C. Danford, speaker of the afternoon, spoke most inspiringly of "Service to Mankind," designating this as one of the paramount issues of civilization, "For as ye sow, so shall ye reap." Several of the newer books were touched upon by her and a poem of "Service" was also read. Delicious refreshments were served by the hostess to the twenty-three members who were present. The history of Greece will be taken up at the next meeting and Ibanez's book, "The Dead Command," will be reviewed by Mrs. Frank Ayars; also current events.

## Are Happy Now

Geo. W. Holmes and wife of 439 Patterson avenue are two mighty well satisfied people. They arrived in Glendale a little over two weeks ago, coming from Buda, Illinois, and shortly after their arrival bought the place where they now live. Mr. Holmes was in the farming implement business for several years and in the latter part of this term handled tractors. He was very sorry he could not arrange his business matters so as to arrive in Glendale in time to take in the National Tractor Show.

E. W. Dunba is building a small residence at 441 West Maple.

Franklin Garland has moved from 118 South Kenwood to 7631 Santa Monica boulevard, Hollywood.

Mr. and Mrs. A. E. Kipper are moving this week from 430 West Wilson avenue to W. E. Mercer's new house at 809 East Wilson avenue.

The new Duplex newspaper press was transferred Monday from the car at the Southern Pacific freight yards in Glendale to the Evening News building at 139 South Brand boulevard. The weight of the press as previously stated was 12½ tons. An expert Duplex press erector will be here soon to erect it. The installation of this newspaper press will release from newspaper work the large Miehle press, which is especially adapted for printing a high class of job and book work.

## Price Slides and Wages

Now that prices are showing a tendency to toboggan downward to a more stable and normal point, the fear arises that wages will be cut sharply. This brings up again the question of standards of living and the need for maintaining the better standards that have become possible in recent years.

While it is possible that in some instances workers are paid more than the work performed justifies, this is not generally so. It would be folly, of course, to hamper or kill an essential industry by under-production and exorbitant wages. But the remedy does not lie in reducing wages as well as cutting prices. A surer and safer way to meet the problem would be for workers and employers to get together and devise ways of increasing productivity. To stimulate production in essential industries and to reduce the output of non-essentials would be found to go a large part of the way toward maintaining just wages and good standards of living.

Reduction of the manufacture of non-essentials is largely up to the public. A repetition of the wave of extravagance which followed the close of the war, and which has only abated within the last few months, would be a very bad thing for everybody concerned—capital, labor and the public which is made up of both.

Continued thrift, which means wise spending, together with steady production, are the surest defense against any general lowering of standards.—Long Beach Telegram.

## State News

TACOMA, Wash., Oct. 20.—Raids, trials, fines and imprisonments have failed to stop bootlegging in the state of Washington. So prohibition enforcement officials have decided to try to put the fear of death into the drinking public, hoping that method of attack may produce better results. Propaganda bulletins, it has been decided, will be issued, setting forth the precise nature of illicit booze, with descriptions of the symptoms induced by the various chemicals in moonshine whisky. The Washington state health department will assist in the campaign. It has announced to the public that unless drinkers cut down their consumption of home-made liquor, deaths in the next three years, due to moonshine whisky, will exceed the American death roll in the world war.

"Say, Bill, can Jim keep a secret?"

T. F.: Yea, but it would be just like him to tell some one that couldn't.

Jack: Have you change of a dollar bill?

Pete: Yep.

Jack: Fine! Would you mind letting me have a loan of a quarter?

### GRAIN PRICES DROP

The declines in the prices of wheat and cord are hailed by consumers as indicative of lower food prices, and such will be the ultimate result. Yet, it should not be overlooked that the price of wheat does not entirely control the price of flour. It does not follow necessarily that a drop of 20 per cent in the price of wheat will result in a 20 per cent reduction in flour. The lower price of corn should produce lower-priced meats, yet there are many other charges attached between the cattle-raiser and the beef consumer.

However, there is a force in falling prices that operates to pull things down to a level. If the farmer gets 50 cents less a bushel for his wheat than he did previously, he will not buy so freely as formerly. An accumulated stock, a surplus piling up, is potent to produce lower prices. Restricted buying on the part of the farmer will reach all along the line and eventually force other products to the lower level. The descending scale may not affect all alike at the same time, but its ultimate effect is to place all industries on the same plane, though a considerable period may intervene between the beginning and completion of such a movement.

### MANNING THE NAVY

Apropos of the campaign upon which the navy department has entered to obtain a large number of high-class recruits in a short time, an officer says the appeal must be made not only to the young men of the nation, but to their parents. The first task will be to remove many popular misconceptions concerning service on the seas. And wisely the department has determined to make considerable use of newspaper advertising space as a medium for reaching the American people.

There are now about 360 naval recruiting stations in the United States, manned by 1,766 officers and men, all of whom have had years of experience at sea and possess exceptional records for efficiency. These agents for recruiting have been amazed at some of the antiquated, ignorant notions that are still held regarding the navy. Some persons imagine that the ancient disciplinary methods are still in vogue. The fact is, an officer who today should venture to raise his hand against a sailor would not have long to wait before being called before a court-martial.

A training in some useful trade and a general education in neglected branches are the inducements held out to naval recruits today, in addition to the opportunity to see the world at Uncle Sam's expense and gain in health and strength through an exceptionally wholesome occupation surrounded by hygienic conditions. Whatever may have been the case many years ago, the average sailor is now a sturdy, ambitious young fellow seeking to make the most of himself mentally as well as physically. For such the navy career contains valuable possibilities.

**PCA Dry Mash**

*keeps up egg production every month of the year.*

THE use of P. C. A. Dry Mash and other P. C. A. products—particularly at this season of the year—means increased egg production. With a diet of these renowned feeds your flock will come through the moulting season in the best of condition and go into the winter prepared to produce a steady and abundant supply of eggs.

**Many of the most successful poultrymen of Southern California use and recommend P. C. A. Dry Mash. It is a conservative estimate that over 400,000 of the finest hens in America receive daily their ration of this famous feed, and are showing the benefits in continued and increased egg yield.**

**Buttermilk Makes Healthy Hens**

To keep your flock in the best of condition—and this is vitally necessary at this time of the year—feed condensed buttermilk. We sell this splendid conditioner in barrels and will gladly send you full instructions for its proper use.

Mash with buttermilk is another popular P. C. A. product used by poultrymen to give new vigor to their flocks.
